IX. NIMS Compliance Form

The National Incident Management System (NIMS) guides all levels of government, nongovernmental organizations (NGO), and the private sector to work together to prevent, protect against, mitigate, respond to, and recover from incidents. NIMS provides stakeholders across the whole community with the shared vocabulary, systems, and processes to successfully deliver the capabilities described in the National Preparedness System. As recipients and subrecipients of federal preparedness (non-disaster) grant awards, jurisdictions and organizations must achieve, or be actively working to achieve, all of the NIMS Implementation Objectives. The objectives can be found on the NIMS webpage at: <https://training.fema.gov/nims/>

Under Executive Order #932, Mississippi established NIMS as the standard for incident management within the State. The U.S. Department of Homeland Security/Federal Emergency Management Agency guidance provides that accepting grant funding is conditioned upon NIMS compliance. This jurisdiction attests that we continue to strive toward NIMS compliance, as provided under federal and State NIMS guidance. This jurisdiction understands receiving and/or using U.S. Department of Homeland Security grant funds remains conditional upon NIMS compliance. Non-compliance of NIMS can result in funds being withheld or reallocated from our jurisdiction because of ineffective NIMS support and participation.

X. Submission Compliance

The application submitted to the Mississippi Office of Homeland Security is a request for funding. Funding based on available funds to the MOHS through federal and state funds. Application requests received are not guaranteed and will be subject to adjustment, as funding is available. Application requests will be funded based on national priorities, mission area, threats and hazards, agency needs and proposed projects that fit with the State's overall mission for homeland security.

Each application will be reviewed by MOHS staff, Peer Committee and an Executive Committee for application completeness, threat and hazards, budget requests and expenses requested to enhance the existing program. Grants will also be funded based on the review of past grant performance, expenditures and information from program documentation and assessments.

Incomplete Applications:

All sections of the application are required to be filled out. Sections on the budget should only be filled out, if applicable to the project. All required documentation should be provided at the time of the application. If sections are incomplete, documentation not provided or the application has missing signature, the application will be considered incomplete and will not be considered for review.
