Program Objective

The objective of the FY2024 Homeland Security Grant Program (HSGP) is to fund state, local, tribal, and territorial efforts to **prevent terrorism and prepare the Nation for threats and hazards** that pose the greatest risk to the security of the United States.

Program Purpose

The HSGP supports investments that improve the ability of jurisdictions nationwide to:

- **Prevent** a threatened or an actual act of terrorism.
- **Protect** citizens, residents, visitors, and assets against the threats that pose the greatest risk to the security of the United States.
- **Mitigate** the loss of life and property by lessening the impact of future catastrophic events.

Program Purpose

The HSGP supports investments that improve the ability of jurisdictions nationwide to:

- **Respond** quickly to save lives, protect property and the environment, and meet basic human needs in the aftermath of a catastrophic incident; and/or
- **Recover** through a focus on the timely restoration, strengthening, accessibility, and revitalization of infrastructure, housing, and a sustainable economy, as well as the health, social, cultural, historic, and environmental fabric of communities affected by a catastrophic incident, and do so in a manner that engages the whole community while ensuring the protection of civil rights.

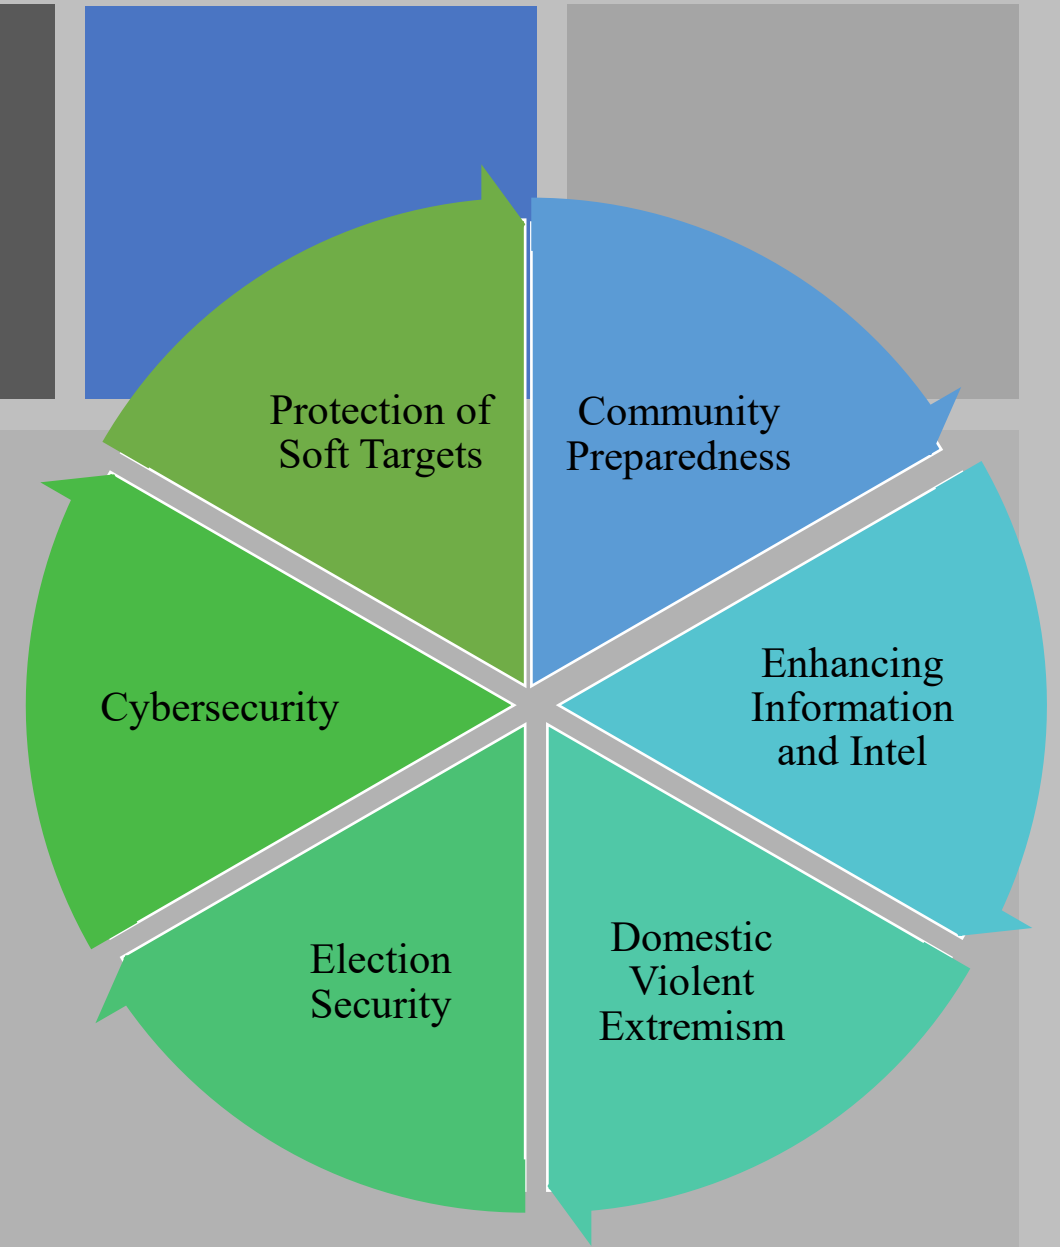

NATIONAL PRIORITIES, MISSION AREAS, CORE CAPABILITIES

National Priorities

For the FY24 grant cycle, the national priority areas will be prioritized for funding to align with the DHS/FEMA National Priority areas, set by the Department of Homeland Security.

All applicants should prepare applications with the national priorities in mind.

National Priority: Cyber Security

Cybersecurity investments must support the security and functioning of critical infrastructure and core capabilities as they relate to preventing, preparing for, protecting against, or responding to acts of terrorism.

National Priority: Cyber Security

Potential Projects:

- Cybersecurity risk assessments
- Migrating online services to the “.gov” internet domain
- Projects that address vulnerabilities identified in cybersecurity risk assessments.
- Improving cybersecurity of critical infrastructure to meet minimum levels identified by the Cybersecurity and Infrastructure Security Agency (CISA), and the National Institute of Standards and Technology Cybersecurity Framework
- Cybersecurity training and planning

National Priority: Protection Soft Targets/Crowded Places

Soft Target/Crowded Places Investments Justification: Soft targets and crowded places are increasingly appealing to terrorists and other extremist actors because of their relative accessibility and the large number of potential targets.

Given the increased emphasis by terrorists and other extremist actors to leverage less sophisticated methods to inflict harm in public areas, it is vital that the public and private sectors collaborate to enhance security of locations such as transportation centers, parks, restaurants, shopping centers, special event venues and similar facilities.

National Priority: Protection Soft Targets/Crowded Places

Potential Projects

- . Physical security enhancements
- . Closed-circuit television (CCTV)
- . Security cameras
- . Security screening equipment for people and baggage
- . Lighting
- . Access controls
- . Fencing, gates, barriers, etc.

National Priority: Information and Intelligence Sharing

Information and Intelligence Sharing and Cooperation Investment Justification: Cooperation and information sharing among state, federal and local partners across all areas of the homeland security enterprise, including counterterrorism – including both international and domestic terrorism, cybersecurity, border security, transnational organized crime, immigration enforcement, economic security and other areas is critical to homeland security operations and the prevention of, preparation for, protection against and responding to acts of terrorism, other threats to life and criminal acts of targeted violence.

National Priority: Information and Intelligence Sharing

Potential Projects:

- Fusion center operations
- Information sharing with all DHS components; fusion centers; other operational, investigative, and analytic entities; and other federal law enforcement and intelligence entities.
- Cooperation with DHS officials and other entities designated by DHS in intelligence, threat recognition, assessment, analysis, and mitigation.
- Identification, assessment, and reporting of threats of violence.

National Priority: Combating Domestic Violent Extremism

Combating Domestic Violent Extremism Investment Justification: Domestic violent extremists, including ideologically motivated lone offenders and small groups, present the most persistent and lethal terrorist threat to the homeland.

These violent extremists capitalize on social and political tensions, which have resulted in an elevated threat environment. They utilize social media platforms and other technologies to spread violent extremist ideologies that encourage violence and influence action within the United States.

Accelerated mobilization to targeted violence and/or radicalization to domestic terrorism, including driving lawful protests to incite violence, intimidate targets and promote their violent extremist ideologies.

National Priority: Combating Domestic Violent Extremism

Potential Projects:

- Open-source analysis of disinformation and misinformation campaigns, targeted violence and threats to life, including tips/leads, and online/social media-based threats.
- Sharing and leveraging intelligence and information, including open-source analysis
- Execution and management of threat assessment programs to identify, evaluate, and analyze indicators and behaviors indicative of domestic violent extremists.
- Training and awareness programs (e.g., through social media, suspicious activity reporting [SAR] indicators and behaviors) to help prevent radicalization.
- Training and awareness programs (e.g., through social media, SAR indicators and behaviors) to educate the public on misinformation and disinformation campaigns and resources to help them identify and report potential instances of domestic violent extremism

National Priority: Community Preparedness

The focus on equity and investing in strategies that meet the needs of underserved communities will strengthen the whole of community system of emergency management.

Engaging the whole community requires all members of the community to be part of the emergency management team, including representatives of underserved communities, diverse community members, social and community service groups and institutions, faith-based and disability advocacy groups, academia, professional associations, the private and nonprofit sectors, and government agencies that may not traditionally have been directly involved in emergency management.

National Priority: Community Preparedness

Potential Projects:

- Establish, train, and maintain Community Emergency Response Teams (CERT) and Teen CERT, with a focus on historically underserved communities, including procurement of appropriate tools, equipment and training aides.
- Local delivery of CERT Train-the-Trainer and CERT Program Manager to build local program training and maintenance capacity.
- Provide continuity training, such as FEMA's Organizations Preparing for Emergency Needs training, to faith-based organizations, local businesses, and community-based organizations such as homeless shelters, food pantries, nonprofit medical providers and senior care facilities to bolster their resilience to all hazards.
- Community Mapping: identify community resources and characteristics in order to identify gaps in resources, identify hazards and vulnerabilities, and inform action to promote resilience.

National Priority: Election Security

Securing election infrastructure and ensuring an election free from foreign interference are national security priorities. Threats to election systems are constantly evolving, so defending these systems requires constant vigilance, innovation, and adaptation.

National Priority: Election Security

Potential Projects:

- Physical security planning support
- Physical/site security measures – e.g., locks, shatter proof glass, alarms, etc.
- General election security navigator support
- Cybersecurity risk assessments, training, and planning
- Projects that address vulnerabilities identified in cybersecurity risk assessments.
- Iterative backups, encrypted backups, network segmentation, software to monitor/scan, and endpoint protection.
- Migrating online services to the “.gov” internet domain

National Preparedness Goal

National Preparedness Goal

“A secure and resilient nation with the capabilities required across the whole community to prevent, protect against, mitigate, respond to, and recover from the threats and hazards that pose the greatest risk.”

Mission Areas

Applicants are encouraged to consider investments and projects that support local, regional, and national efforts to support the five mission areas for Homeland Security:

1. Prevention- Prevent, avoid, or stop an imminent, threatened, or actual act of terrorism.
2. Protection- Protect our citizens, residents, visitors, and assets against the greatest threats and hazards in a manner that allows our interests, aspirations, and way of life to thrive.
3. Mitigation- Reduce the loss of life and property by lessening the impact of future disasters.
4. Response- Respond quickly to save lives, protect property and the environment, and meet basic human needs in the aftermath of a catastrophic incident.
5. Recovery- Recover through a focus on the timely restoration, strengthening and revitalization of infrastructure, housing, and a sustainable economy, as well as the health, social, cultural, historic, and environmental fabric of communities affected by a catastrophic incident.

MISSION AREAS

Core Capabilities

Applicants **are encouraged** to also consider projects that meet the FEMA Core Capabilities within the National Preparedness goal.

There are thirty-two (32) core capabilities that fit within the five (5) mission areas that help build, sustain and agencies capabilities, along with close identified gaps.

FEMA Core Capabilities

Funding Eligibility

Funding Eligibility

Only eligible applicants may apply for State Homeland Security Grant Program. Eligible applicants include those defined in the Department of Homeland Security Act of 2002:

Local Units of government: The term “local government means-

- A county, municipality, city, town, township, local public authority, school district, special district, intrastate district, council of government (regardless of whether the council of governments is incorporated as a non-profit under State law), regional or interstate government entity, or agency or instrumentality of a local government.
- An Indian tribe or authorized tribal organization; and
- A rural community, unincorporated town or village, or other public entity.

80% of ALL funds MUST go to Local Units of government.

Funding Eligibility

State Agencies: Under the SHSP, the State Administrative Agency (SAA) **may retain no more than 20 percent of funding** for expenditures made by the state on behalf of the local unit(s) of government.

Funding outside of the 20 percent may occur only with the written consent of the local unit(s) of government and the approval of DHS/FEMA.

The Mississippi Office of Homeland maintains all MOU's indicating written consent of the local unit(s) of government. All MOU's must be submitted to FEMA, approval and the award will be at the discretion of FEMA's approval, if funding will be allocated.

Only 20% of funds can be received by a State Agency.

Funding Eligibility

- Grant application requests are **not** a guarantee for funding. Grants may be funded in whole or partially funded. All funding considerations will be **based on need and how the project fulfills the needs of the MOHS priorities and programs.**
- The total amount of funding is limited to the amount received by FEMA, national priorities, and the requirements of the grant.
- Prioritize funding requests to items that **meet the needs** of the grant and applicant's department. Awards will be made to projects with the needs identified in the application.
- All funding requests must be reasonable and allowable.

What Can I Apply For??

If applicants have questions regarding the allowable or unallowable use of funding or need assistance in completing the application, please contact mohsgrants@dps.ms.gov.

Applicants may also visit the FEMA website and review the Notice of Funding Opportunity to review all grant funding guidelines for this grant opportunity. Please see the link below:

<https://www.fema.gov/media-collection/homeland-security-grant-notices-funding-opportunity>

Allowable Grant Items

Allowable Costs may include:

- Planning Costs
- Training and Awareness
- Equipment
- Exercise

Allowable Grant Items

Equipment:

All requested equipment must be listed on the **FEMA Authorized Equipment List (AEL)** and must be listed under “FEMA related grant programs” for the Homeland Security Grant Program (HSGP). The applicant must indicate in the application the AEL number of the requested equipment, along with the description of items.

Allowable Grant Items

- Radio/communication devices must be compatible with the MSWIN Interoperable Communication System and be approved P-25 radios.
- MOHS will allow **up to \$2,500.00 per radio** purchased for the MSWIN system.
- Mississippi and the Mississippi Wireless Communication Commission have established vendor relations for the following vendors that carry and supply compatible radios and radio systems.

EF Johnson	Realm
Harris	Tait
Kenwood	Thales
Motorola	

Allowable Grant Items

Radios/Communication Devices:

- Exceptions may be requested by an agency for radios with a cost of \$2,500.00 or more, with a detailed justification.
- Please include the following details in the justification:
 - Cost of each radio
 - Quantity requested
 - Where the Radios will be used and installed?
 - Why the agency needs additional upgrades/costs from the standard radio.
- All justifications for radios requested with a cost of \$2,500.00 or more will be reviewed by the Executive Committee and approved by the members therein.

Allowable Grant Items

****New For
FY24****

License Plate Readers: Requests for License Plate Readers will be considered for jurisdictions that apply, but jurisdictions that are in areas of need will be a priority.

- Mobile LPR's may be awarded, but stationary LPR systems are preferred and recommended.
- LPR systems must be accessible with the Mississippi Analysis and Information Center (MSAIC).
- Awarded LPR systems must be available for information and intelligence sharing with the MSAIC.

Allowable Grant Items

Some Equipment may require additional review and approval from FEMA. These items need additional documentation and justifications to be included and submitted to FEMA.

Due to their review, this could take some time to receive approvals. This can delay your grant award and/or grant reimbursement. On certain items like boats, watercraft, high expense items, **items can not be ordered until the approvals are received from FEMA.**

Allowable Grant Items

VIII. Prior Experience		
Please answer YES or NO to the Following Questions.	YES	NO
Has your agency received federal and/or state grants similar to the Mississippi Office of Homeland Security grant?		
Does your agency have at least three (3) years of receive federal grant funds? Does not have to be MOHS related.		
Has your agency received MOHS Grant funds within the past three (3) years?		
Does your agency use a property management system?		
Has your agency ever received any corrective actions from a Single Audit Report regarding your agency's financial system?		
Has the jurisdiction administration remained unchanged during the 2021 grant year? For example, Chief, Sheriff, SGA, Program Staff.		

IX. NIMS Compliance Form

Please read the following statement, if agency agrees to NIMS Compliance, please have the Authorized Signatory Official Sign.

The National Incident Management System (NIMS) guides all levels of government, nongovernmental organizations (NGO), and the private sector to work together to prevent, protect against, mitigate, respond to, and recover from incidents. NIMS provides stakeholders across the whole community with the shared vocabulary, systems, and processes to successfully deliver the capabilities described in the National Preparedness System. As recipients and subrecipients of federal preparedness (non-disaster) grant awards, jurisdictions and organizations must achieve, or be actively working to achieve, all the NIMS Implementation Objectives. The objectives can be found on the NIMS webpage at: <https://training.fema.gov/nims/>

Under Executive Order #932, Mississippi established NIMS as the standard for incident management within the State. The U.S. Department of Homeland Security/Federal Emergency Management Agency guidance provides that accepting grant funding is conditioned upon NIMS compliance. This jurisdiction attests that we continue to strive toward NIMS compliance, as provided under federal and State NIMS guidance.

This jurisdiction understands receiving and/or using U.S. Department of Homeland Security grant funds remains conditional upon NIMS compliance. Non-compliance of NIMS can result in funds being withheld or reallocated from our jurisdiction because of ineffective NIMS support and participation.
