Security and Safety/Emergency Management

This section refers to the need to designate personnel to create and implement plans and procedures to address security and personnel safety issues and emergencies. Factors that contribute to the effectiveness of security, safety, and emergency management efforts at houses of worship include the designation of a security manager or security committee; volunteer ushers and greeters; existence of security and safety/emergency operations plans; commitment to training and exercises on these plans; engaging with external partners such as first responders and working groups; and mass notification capabilities and crisis communications. These teams are usually comprised of volunteers and can be composed of any members of the house of worship. Some may have a security or safety background such as law enforcement, fire service, emergency medical response, or emergency management, but any member with the interest and desire can be trained for the various roles available. Some organizations hire permanent personnel to fill specific security or safety roles. Houses of worship may use different names for their plans. They may incorporate security elements into a plan that outlines the facility's approach to operations before, during, and after an emergency, or they may have two separate plans, one focused on security and another focused on safety/emergency operations. Security generally refers to those elements that secure a facility from theft, attack, bomb threat, and similar physical harm to the congregation or facility. Safety and emergency management refers to protection from natural disasters, fires, trips and falls, accidental injuries, and health emergencies such as choking incidents, heart attacks, bee stings, and a wide range of similar events.

Security and Safety/Emergency Management					
Question	Very Low	Low	Medium	High	Very High
1. Does the house of worship have a security manager or security committee to make security management decisions?	The house of worship does not have a security manager or committee.	The house of worship has a security manager or committee, but security management activities are sporadic.	The house of worship has a security manager or committee. Security management activities are regularly scheduled, but not coordinated with other committees, departments, or groups (e.g., special events planning, childcare).	The house of worship has a security manager or committee. Security management activities are regularly scheduled and coordinated with other committees, departments, and groups, but additional personnel are needed to support the facility's security mission.	The house of worship has a security manager or committee. Security management activities are regularly scheduled and coordinated with other committees, departments, and groups, and staffing levels fully support the facility's security mission.

MOHS Non-Profit Vulnerability Assessment Worksheet

Non-Profit Security Grant Program Non-Profit Vulnerability Assessment Worksheet

Applications for the Homeland Security Non-Profit Security Grant Program (NSGP) requires the submission of a Vulnerability Assessment, as part of the application package. Assessments should cover such general areas as threats, vulnerabilities, and mitigation options (security systems, perimeter, lighting, and physical protection).

This Vulnerability Assessment Worksheet may be used as the requirement for the NSGP grant application, or the jurisdiction may use other methods of a vulnerability assessment. Each application/location will require a separate Vulnerability Assessment.

Any vulnerability assessment provided to the Mississippi Office of Homeland Security should be performed by individuals with a security or law enforcement backgrounds.

The Non-Profit Security Grant Program is centered around terrorism or acts of terrorism and not criminal acts.

Terrorism is unlawful use of violence, especially against civilians, in the forms of violence or threats to further political, social, or ideological objectives. Intimidation or instilling fear to individuals.

Criminal Acts are acts of vandalism, assaults and/or thefts. Attach any photos, news articles or police reports that may validate the incidents.

Get Started with Registration and the Unique Entity ID

Submitting a registration and getting a Unique Entity ID are FREE.

Before You Get Started

Review these steps to choose which option is right for you. You can register to bid and apply for federal awards or you can request a Unique Entity ID only without having to complete a registration.

1 About Registration

If you want to apply for federal awards as a prime awardee, you need a **registration**.

A registration allows you to bid on government contracts and apply for federal assistance. As part of registration, we will assign you a Unique Entity ID.

To see comprehensive instructions and checklist for entity registration, download our [Entity Registration Checklist](#).

If you do not want to apply directly for awards, then you do not need a registration. If you only conduct certain types of transactions, such as reporting as a sub-awardee, you may not need to complete a registration. You may only need a **Unique Entity ID**.

What Can I Apply for?

If applicants have questions regarding the allowable or unallowable use of funding or need assistance in completing the application, please contact mohsgrants@dps.ms.gov. Applicants may also visit the FEMA website and review the Notice of Funding Opportunity to review all grant funding guidelines for this grant opportunity. Please see the link below:

<https://www.fema.gov/grants/preparedness/nonprofit-security/nonprofit-security-grant-program-notices-funding-opportunity>

What Can I Apply for? (Subject to Change)

- Applicants with one site may apply for up to **\$150,000** for that site.
- Applicants with multiple sites may apply for up to **\$150,000** per site, for up to three sites, for a maximum of **\$450,000** per sub-applicant.

**If you go over these allowable amounts,
your Application WILL NOT be
considered for eligibility.**

What Can I Apply for? ALLOWABLES

Contracted Security- Contracted Security is allowable. MOHS has not funded contracted security in the past. If funding allows, contracts, time sheets and activity sheets must be provided. Need will be a HUGE factor in contracted security.

Management and
Administration-5%
of Total Request.
MAXIMUM.

- \$150,000.00 will be allowed, \$7,500.00 MAX total.
- Activity Sheets, Time Sheets, etc. are required for reporting.

What Can I Apply for? ALLOWABLES

Training- Although FEMA allows Training, MOHS can provide training at no charge. Church Security; Active Shooter; CERT Training. We generally do not award training, as the MOHS can provide for free.

What Can I Apply for? Equipment

Allowable costs are focused on target hardening and physical security enhancements. This equipment is limited to select items in the following two sections of items on the Authorized Equipment List (AEL) and the following two specific items from other sections:

- **Physical Security Enhancement Equipment (Section 14)**
 - **Inspection and Screening Systems (Section 15)**
 - **Handheld Radios (AEL 06CP-01-PORT-Radio Portable)**
 - **Public Warning Systems (AEL 030E-03-MEGA-System, Public Address, Handheld or Mobile)**
 - **Installation**
-
- <https://www.fema.gov/grants/tools/authorized-equipment-list>
- 

Items on the AEL are the **ONLY** items allowed for Equipment.

Review the Allowable AEL List. Items listed on the IJ/Application are what could be awarded.

BE VERY CAREFUL with what is requested and applied for!

FEMA Authorized Equipment List:

Each item on the Non-Profit Allowable list, is provided in the Funding Guidance, with examples. Please remember that equipment is for **TERRORISM RELATED** projects to reduce and respond against terrorism activity. Equipment is not for personal, or entity use outside the grant.

AEL/SEL Number	Title	Description	Examples:
030E-03-MEGA	System, Public Address, Handheld or Mobile	<p>Systems for mass audio notification, including vehicle-mounted high powered speaker systems, or battery powered megaphone / public address systems with corded microphone.</p> <p>Useful for crowd control or briefing incident personnel.</p>	<p>Microphones; amplifiers; loudspeakers and related equipment.</p> <p>Must provide justification as to WHY this is essential for your organization and how system would be used.</p>
04AP-05-CRED	System, Credentialing	<p>Software application and associated hardware and material for <u>creating site/event credential badges</u> and controlling scene access.</p> <p>Although some hardware may still be required, this functionality may also be obtainable via subscription as a cloud-based service, as opposed to purchasing software. However, special security considerations apply for data stored remotely.</p>	<p>Software and system to produce credentialing, name tags, badges.</p> <p>Must provide justification as to WHY this is essential for your organization and how system would be used.</p>

FEMA Authorized Equipment List:

05HS-00-MALW	Software, Malware/Antivirus Protection	Software for protection against viruses, spyware, and malicious code. May be obtained for individual hosts or for entire network segments.	Services are only purchased for (1) year and the period of performance for the grant. Agency must be able to show how the services will be able to continue without grant funds. Must provide justification as to WHY this is essential for your organization and how software would be used.
05HS-00-PFWL	System, Personal Firewall	Personal firewall for operation on individual workstations. Usually a software solution, but appliances are also available	Personal Firewall System. Although allowable, the MOHS has not funded this category with past funding. Any computer systems should be for the entity and not for personal use. Must provide justification as to WHY this is essential for your organization and how system would be used.

If you are requesting funding for an internet, subscription or cloud-based system, please remember these grants have a period of performance for (1) year. We want them opened and closed in (1) year. Agency will need to be able to continue services after the grant has ended.

FEMA Authorized Equipment List:

14EX-00- BCAN	Receptacles, Trash, Blast-Resistant	Blast-resistant trash receptacles.	Trash receptacles that can withstand terrorism blasts. Although allowable, the MOHS has not funded this category with past funding. Must provide justification as to WHY this is essential for your organization and the Need for item.
---------------	-------------------------------------	------------------------------------	---

There are a few instances with the AEL, that mention... Although allowable, the MOHS has not funded this category with past funding. This is not a “NO”, but you will need to provide a justification, as to why you need the item and how it is essential to your project.

We can't buy items, just because they are allowable, there needs to be a NEED for the item.

FEMA Authorized Equipment List:

21GN-00-INST	Installation	Installation costs for authorized equipment purchased through FEMA grants.	Installation of all equipment to be installed for Entity. Please NOTE: Installation costs should be specific only to the items being installed for the federally funded project, not other projects.
--------------	--------------	--	---

Installation is also part of the FEMA AEL List. Each entity will need to add in installation to their request to cover all equipment. If you do not include, it will not be included in the funding award (if awarded) and the entity will have to cover all costs.
